## SCHAERER

Coffee comes to life

### The intelligent brewer that makes life easy

You hear the low, mellifluous whirring of a machine and soon enough the aroma of freshly brewed coffee engulfs the room.

Meet the Coffee Factory. It's packed to the brim with time-saving features and does well under pressure - crafting every Espresso, Cappuccino or Café Latte as deftly as the one before. Perfect for those morning rush hours.

### It's the easiest way to make an impression

With its glossy black exterior that comes with an illuminated frame and changeable colours, timeless European design, the Coffee Factory makes a great addition to your tabletop. But needless to say, we're not just about the looks. From an advanced milk foaming system to high performance grinders, this brewer is engineered to impress.

## HIGHLIGHTS

- Lockable bean hopper to retain freshness and prevent pilferage
- Precision-engineered unit that offers a consistent grind
- Milk foaming system to control the texture/size/quantity of foam
- Easy manual adjustment for grinding and brewing
- Easy-to-use graphical display with touch screen
- A handy, 2-in-1 hot water and steam wand

## TECHNICAL SNAPSHOT

---

All the core components - the Grinder, Brewer & Control Unit - are German or Swiss made and patented. Additionally, manufacturing and assembly processes are according to German Standards.

The Result? A consistently well-brewed cup of coffee, day after day.

- Ease of Set-up

A step-by-step process is displayed the first time you plug in the machine.

- Bean Hopper Size of 750 g.
- HACCP Hygiene Compliant
- D. C. Electric System
- Magic Wand
- Cuppage

This allows for ease of brewing and dispensing. For automated cleaning that takes minimum effort. These systems are high on safety and of premium quality. The hot water and steam use a single tube to save space. Upto 200 consistently brewed cups per hour.

---

### Make a premium statement

With the Coffee Factory, you can brew the crème de la crème of coffees. The micro-fine bubbles in the coffee make every sip a delight!

### Flaunt the European design

Stylish and space-saving, it is a classic European slimline machine, that comes with an illuminated frame and changeable colours.

### Delight your guests with quick service

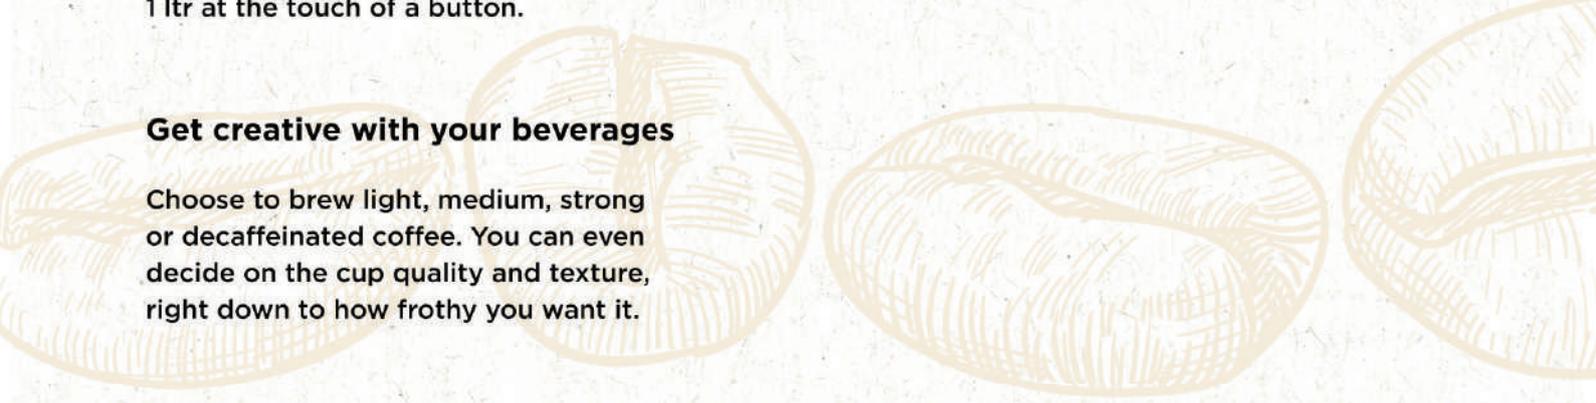

The simple interactive display offers 12 beverages and 3 different strengths, each beverage made by using the "barista button", with a bulk brewing facility of maximum 1 ltr at the touch of a button.

### Maintain the highest level of hygiene

This machine comes with a self-cleaning system, that is HACCP compliant. What's more - it also reminds you when it's time for a cleaning!

### Get creative with your beverages

Choose to brew light, medium, strong or decaffeinated coffee. You can even decide on the cup quality and texture, right down to how frothy you want it.
